

The Beatrice Project Safeguarding Policy (revised August 2020)

This policy applies to all Trustees, volunteers in UK and any other UK personnel involved with the Beatrice Project in any way. It also applies to the personnel involved in delivering the objectives of the Beatrice Project in Zimbabwe through any local agency, whether paid persons or volunteers. It also applies to the beneficiaries of the Beatrice Project.

We recognise that the welfare of the children and young adults involved in and benefiting from the Beatrice Project is paramount and that all these have a right to equal protection from all types of harm or abuse regardless of age, gender disability, religious belief or racial heritage. We recognise that some children will be particularly vulnerable because of previous life experience.

The purpose of this policy:

- To protect children and young people who benefit from the activities of and/or any funding by The Beatrice Project and to work in partnership with all those involved to promote their welfare.
- To provide all young people and adults involved in delivering the project with principles that guide our approach to child protection and to the safeguarding of children and adults.
- To provide beneficiaries and staff with a framework which seeks to promote the policy ensuring the welfare of all those involved in delivering the objectives of The Beatrice Project. This framework is intended to ensure that the beneficiaries and staff never experience any abuse and can also be protected from any abusive situation.

This policy is drawn up on the basis of law and guidance in the UK and should also be considered in line with the laws of the country in which the Beatrice Project provides benefits.
